### REASONS FOR ALLOWANCE

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 7 recite, inter alia, *the ends of the plurality of "U" shaped sheet metal windings extending from the laminated primary winding as stepped terminations that are successively stepped so that each one of the plurality of "U" shaped sheet metal windings has an exposed surface electrical contact area for making electrical interconnections within the matrix transformer.*

Claim 6 recites, inter alia, *the first and second laminated subassemblies having complementary successively stepped exposed electrical contact areas which can be mated to connect the first laminated subassembly to the second laminated subassembly within the matrix transformer.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
